The XKR is a truly luxurious sports car; the XKR Portfolio is an even more luxurious XKR. Its specification is unique, and very special. It combines breathtaking performance and dramatic beauty with exclusive, individual touches of craftsmanship and equipment that lift it to another level. Bespoke production means the XKR Portfolio won't be for everyone but it could be exactly the XKR for you.

XKR PORTFOLIO

BECAUSE THERE ARE MANY DEGREES OF LUXURY

But it is about power and weight, and how you use them. More power is often good, less weight is always better. XKR Portfolio wins on both counts. Its supercharged 4.2-LITRE V8 delivers an effortless 420BHP, 560NM of torque and massive flexibility. But advanced lightweight aluminium construction means all that power isn't stretched by what it has to carry around. XKR Portfolio is one of the lightest and most potent cars in its class. It can accelerate from 0 to 60MPH in 4.9 SECONDS with refinement in reserve.

And light weight aluminium construction means so much more: exceptional torsional rigidity makes for pin-sharp handling when corners tighten and the agility to flow when the road unwinds; far less inertia for brakes to dispense with, or suspension to keep under supple control; it even means getting the most from every litre of fuel. JAGUAR knows what dynamics really mean. So when you hear someone talk about 'heavyweight performance', you might allow yourself just a small smile...

BECAUSE
PERFORMANCE
ISN'T JUST ABOUT
SOUND AND FURY

J
R

XKR PORTFOLIO

BECAUSE PERFORMANCE IS ABOUT STOPPING TOO

XKR Portfolio has the most powerful brakes JAGUAR has ever put on a production car - honed by advanced technology, deep understanding, and punishing testing. Their development explored the outer limits, using JAGUAR'S specialist engineering centre at the world's most demanding test track - the 14.2 roller-coaster miles of the old Nürburgring. What they learned there was backed up by thousands of miles on the toughest roads in Europe, and beyond. These brakes were developed

with British racing experts Alcon, who engineer the stopping of the fastest cars in the world, and brought to production by JAGUAR'S Special Vehicles team. They are unique to Portfolio. Their ventilated 400mm front and 350mm rear discs shed heat so effectively that fade is never an issue. Crescent shaped grooves in the discs keep the pads clean; and light, stiff monobloc six-piston front and four-piston rear callipers combine astonishing power and feel with JAGUAR refinement.

XKR PORTFOLIO

BECAUSE LUXURY IS ALL ABOUT THE DETAILS

XKR Portfolio isn't about everybody, it's about you - and beautiful, fast cars. You will spend a lot of time in your XKR Portfolio, and cover a lot of ground. You can be assured of a driving experience that is involving and exciting in a cabin that is comfortable and relaxed. JAGUAR has always understood luxury, but XKR Portfolio takes luxury a little further. The seats, instrument panel, doors, side panels and centre console are upholstered in your choice of either full Warm Charcoal or Ivory and Warm Charcoal softgrain leather, each detailed with contrasting twin stitching. Striking Engine Spin Aluminium veneer creates an environment that is as contemporary as it is exclusive, whilst a host of individual touches set the interior further apart - from the distinctive Portfolio treadplates and leather-edged carpet mats, to the special roof linings, soft-feel door grab handles, alloy-and-leather gear lever and alloy gate surround. And finally, to complete the experience, there's a very special Premium Sound system...

XKR PORTFOLIO

BECAUSE PERFORMANCE IS ABOUT QUALITY AND EXPERTISE.

Audio experience by
Bowers & Wilkins

XKR Portfolio is designed to excite the senses - from sight to touch to sound. So you can hear XKR Portfolio's character in its mechanical refinement and sporty growl. And when you seek audio entertainment, you can hear it in the clarity and detail that its Bowers & Wilkins Premium Sound system delivers. Like JAGUAR, Bowers & Wilkins pushes performance to achieve unrivalled results. And, like the rest of XKR Portfolio, the Premium Sound system takes a superb foundation to the next level. Innovative technology such as

Kevlar® mid-range speaker drivers and specially designed aluminium-dome tweeters are at the heart of a system specifically developed and tuned by Bowers & Wilkins acoustic experts. Bowers & Wilkins reputation is best judged from the critical acclaim of audiophiles, artists and recording engineers around the world. In XKR Portfolio you will enjoy an extraordinary, immersive audio experience. So even if the language of hi-fi escapes you, the quality of the sound won't. Listen and you'll see...

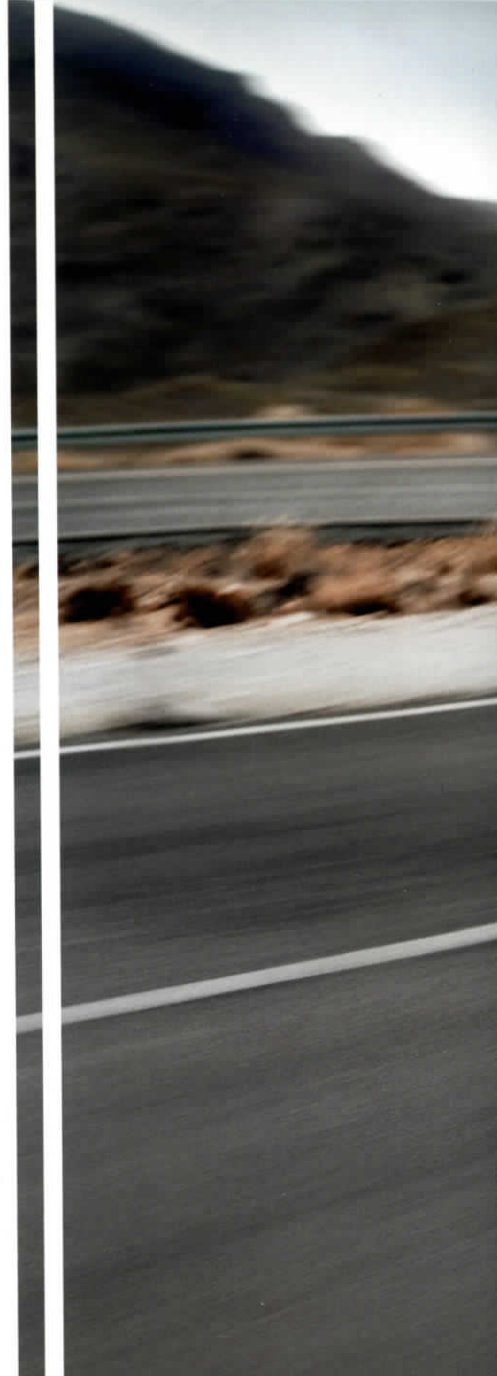

Bowers & Wilkins

A close-up photograph of a Bowers & Wilkins speaker grille. The grille is circular and features a dense, repeating pattern of small, raised circular mesh elements. The mesh is dark in color, possibly black or dark grey, and is set within a silver-colored metal frame. The text "Bowers & Wilkins" is embossed in a clean, sans-serif font along the top edge of the frame. The lighting is dramatic, highlighting the texture of the mesh and the metallic sheen of the frame against a dark background.

XKR PORTFOLIO

BECAUSE POWER HAS A BEAUTY OF ITS OWN

On the outside, the XKR Portfolio's stunning balance of power and grace is simply the projection of its muscular tone and athletic poise. Even before it moves it exudes motion, XKR is first and foremost a sports car, and a JAGUAR sports car. But beyond the underlying beauty of the XKR shape, the XKR Portfolio adds the finishing touches that make a special car even more special. Details like the polished, 20-inch Cremona alloy wheels, the red-painted callipers that define its high-performance brakes, the unique Celestial Black paint and milled aluminium side power vents are just some of the features that set the XKR Portfolio apart.

LIST PRICE	VAT	RETAIL	OTR
£63,601.70	£11,130.30	£74,732.00	£75,597.00

STANDARD FEATURES

TRANSMISSION, SUSPENSION AND BRAKES

- 6-speed electronic automatic transmission with Jaguar Sequential Shift
- Computer Active Technology Suspension (CATS)
- Trac DSC (Dynamic Stability Control)
- Anti-lock Braking System (ABS), Emergency Brake Assist (EBA), Electronic Brake force Distribution (EBD), Electric Parking Brake (EPB) - drive-away release

EXTERIOR

- Intelligent Lighting System – automatic headlamps on with windscreen wipers
- Bi-xenon headlamps with integrated cornering lamps, automatic levelling and headlamp washers
- Front mesh grilles, upper and lower with aluminium finish
- Bonnet louvres
- Side window surrounds with aluminium finish
- Unique R front and rear bumpers
- Rear signature blade with aluminium finish
- Quad tailpipes with polished finish
- Unique R front fog lamps with body colour mesh surround
- Parking aid with rear sensors
- Heated exterior mirrors with electric adjustment, power folding, auto-dimming and memory function
- Heated windscreen with timer and rain sensing windscreen wipers
- Jaguar Tyre Repair System (in-lieu of space saver spare wheel)

INTERIOR

- Memory function with 3 settings for driver's and passenger's seat, exterior mirrors and steering column
- 3-spoke leather steering wheel
- Cruise control with active speed limiter
- Automatic air recirculation with 5 settings
- Automatic climate control with humidity control, air particle/odour filtration and dual zone temperature control for driver and front passenger
- Auto-dimming interior rear view mirror
- Electric windows with one-touch open/close and anti-trap
- Glove box with auxiliary power socket
- Interior mood lighting
- Jaguar Smart Key System with keyless start
- Bright finish pedals

AUDIO AND COMMUNICATIONS

- Navigation system with DVD mapping and 7 inch Touch-screen
- Bluetooth® telephone connectivity*
- 6-disc in-dash CD changer
- Windows Media® Audio (WMA) and MP3 disc compatibility

SECURITY

- Remote control central locking with deadlocks and drive-away locking
- Intrusion and perimetric alarm with passive sounder and battery back-up
- Engine immobiliser

SAFETY

- Adaptive Restraint Technology System (A.R.T.S.)
- Airbags, front and side (driver and front passenger)
- Belt minder system (front seats only)
- Front seat whiplash reduction system
- Pedestrian Contact Sensing – automatically deployable bonnet system
- ISOfix anchor points for rear child seat
- Front and rear seat belt pre-tensioners

XKR PORTFOLIO FEATURES

- Cremona 8.5J x 20" (front) 9.5J x 20" (rear) polished alloy wheels with Heritage wheel badge
- Alcon high performance braking system
- Milled aluminium side power vents
- Celestial Black metallic paint
- Bowers & Wilkins Premium Sound system
- Engine Spin Aluminium pattern veneer on centre console and fascia
- Luxury Sport interior theme featuring Luxury Sports seats with softgrain leather seat facings (16 way) – Ivory seats and Warm Charcoal trim with Slate Blue stitching or Warm Charcoal seats and trim with Ivory stitching
- Warm Charcoal steering wheel with Ivory stitching
- Premium headlining
- Alloy gear lever and selector gate surround
- Leather edged floor mats with contrast stitching
- Portfolio treadplates

IMPORTANT NOTICE

Jaguar Cars Limited is constantly seeking ways to improve the specification, design and production of its vehicles and alterations take place continually. Whilst every effort is made to produce up-to-date literature, this brochure should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for the sale of any particular vehicle. Distributors and dealers are not agents of Jaguar Cars Limited and have absolutely no authority to bind Jaguar Cars Limited by any express or implied undertaking or representation.

Illustrations in this brochure may include optional extras.

ENVIRONMENTAL NOTICE

Jaguar Cars Limited has a vision of being amongst the world's leading companies in demonstrating progress towards sustainability. We aim to do this by contributing to a better quality of life for communities affected by the design, manufacture, use and disposal of Jaguar cars. We believe that playing a supportive role in the communities in which we operate is a privilege, not an obligation. Corporate citizenship goes to the very heart of our company. It is Jaguar's policy continually to improve its high environmental standards in all areas of business activity. This brochure is produced using virgin wood fibre from sawmill residues, forest thinnings and sustainable forests. Pulps used are Elemental Chlorine Free.

ENVIRONMENTAL CHOICE

The innovative use of aluminium construction is one tangible example of the commitment by Jaguar Cars Limited continually to pursue technologies that support efficiency and sustainability. In addition to its engineering and dynamic benefits, the lightweight of aluminium construction has a significant effect in reducing fuel consumption, and therefore in creating fewer emissions - supporting Jaguar Cars Limited's policy of responsible design and manufacture.
